The Amendment applies to all land within the municipality which is affected by a major licensed pipeline.

The Amendment seeks to implement the findings and recommendations of the Latrobe City Council Design and Development Overlay – Schedule 1 Major Pipeline Infrastructure Review (May 2020). The Design and Development Overlay – Schedule 1 was introduced into the Latrobe Planning Scheme on 2 March 2000 following the recommendations in the Report of the Panel and Advisory Committee on the Latrobe New Format Planning Scheme. Previously, the Planning Scheme had only contained local and State policy statements regarding pipelines.

Amendment C121 seeks to replace the Design and Development Overlay – Schedule 1

The Amendment proposes to delete Schedule 1 to Clause 43.02 (Design and Development Overlay), insert Schedule 1 to Clause 44.08 (Buffer Area Overlay) Major Pipeline Infrastructure, amend Clause 11.01-1L Morwell so the Morwell Town Structure Plan shows the Morwell to Tramway Road Pipeline, amend Clause 19.01-3L Pipeline Infrastructure by replacing 'measurement length' with 'notification area', amend the Schedule to Clause 66.04 (Schedule to Clause 66.04 Referral of Permit Applications Under Local Provisions) to list Energy Safe Victoria (ESV) as recommending referral authority, amend the Schedule to Clause 72.03 (Schedule to Clause 72.03 What Does This Planning Scheme Consist Of?) to reflect the new BAO1 mapping and deleted DDO1 mapping, amend the Schedule to Clause 72.08 (Schedule to Clause 72.08 Background Documents) by adding the Pipelines Report (May 2020) into the schedule, amend the Schedule to Clause 74.01 (Schedule to Clause 74.01 Application of Zones, Overlays and Provisions) to include the Buffer Area Overlay – Schedule 1.

The Amendment deletes the Planning Scheme Map Nos. 11DDO, 12DDO, 13DDO, 21DDO, 32DDO, 33DDO, 34DDO, 37DDO, 38DDO, 45DDO, 46DDO, 63DDO, 65DDO, 66DDO, 67DDO, 68DDO, 90DDO, 91DDO, 92DDO, amends Planning Scheme Map Nos. 43DDO, 44DDO, 47DDO, 52DDO, 64DDO, 70DDO,79DDO, 82DDO, 83DDO, 84DDO, 85DDO, and inserts new Planning Scheme Map Nos 11BAO, 12BAO, 13BAO, 21BAO, 34BAO, 37BAO, 38BAO, 43BAO, 44BAO, 45BAO, 46BAO, 47BAO, 51BAO, 52BAO, 63BAO, 64BAO, 65BAO, 66BAO, 67BAO, 68BAO, 70BAO, 78BAO, 79BAO, 82BAO, 83BAO, 84BAO, 85BAO, 87BAO, 88BAO, 90BAO, 91BAO, 92BAO in accordance with the abovementioned rezonings.

EXEMPTION

Application No. H330/2021

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Seeing Machines Limited (the Applicant).

The exemption is to enable the Applicant to comply with security requirements under the **Defence Trade Controls Act 2012** (Cth) and the Defence Trade Controls Regulations 2013 (Cth) as well as the Arms Control Act 22 USC 2778 (2004) (USA), the International Traffic in Arms Regulations 22 CFR 120 (2003) (USA) (ITAR), and the Export Administration Regulations 15 CFR 730-774 (USA) (EAR) restrictions. These laws and regulations impose limits on access to certain material (Controlled Material), and impose security requirements (Security Requirements), based on citizenship, previous citizenships, race or nationality.

Upon reading the material filed in support of this application, and having heard the oral evidence and submissions provided at the hearing on 4 February 2022, for the reasons published today, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 16, 18, 21, 105, 107 and 182 of the Act to enable the Applicant to engage in the following exempt conduct:

- (a) Request citizenship, previous citizenships, race or nationality information (citizenship information) of all the Applicant's personnel who are likely to require access to Controlled Material or comply with Security Requirements, and their substantive contacts where such contacts are affiliated with countries proscribed in section 126.1 of ITAR.
- (b) Request citizenship information from prospective employees and contractors who perform work on the Applicant's premises and who are subject to the Applicant's control and direction in roles which are likely to require access to Controlled Material or comply with Security Requirements.
- (c) Maintain records of the citizenship information of employees who are likely to require access to Controlled Material or comply with Security Requirements, with distribution limited to only those persons

- with a need to know, for the purposes of determining their ability to participate in a particular engagement.
- (d) Establish security measures and access protocols to prevent unauthorised access to Controlled Material or comply with Security Requirements.
- (e) Advise applicants for employment in roles which are likely to require access to Controlled Material or compliance with Security Requirements that they may be adversely affected by ITAR and EAR controls or Security Requirements if they are not an Australian citizen or if they hold dual citizenship from countries proscribed as applicable.
- (f) Impose a condition on offers of employment in roles which are likely to require access to Controlled Material or comply with Security Requirements that the person must, pursuant to applicable controls, be authorised to access that material, whether pursuant to an individual approval obtained from the United States' Department of State or Commonwealth of Australia or otherwise.
- (g) Reject applications for positions requiring access to the Controlled Material or compliance with Security Requirements based on the job applicant's citizenship, and taking into account a person's citizenship in determining who should be offered employment or contract work requiring access to Controlled Material or compliance with Security Requirements.
- (h) Transfer employees and contractors from positions with access to Controlled Material or requirements to comply with Security Requirements to positions without access to Controlled Material or compliance with Security Requirements, based on their citizenship.
- (i) Advertise positions as only open to Australian citizens who can obtain the necessary clearances to comply with Security Requirements.
- (j) Request current and future employees to notify the Applicant of changes to their citizenship information.
- (k) Disclose citizenship information, where required, to:
 - (i) the United States' Department of State;

- (ii) the United States' Department of Commerce:
- (iii) the Australian Department of Defence; and
- (iv) other organisations for which, or on whose behalf, or at whose request Seeing Machines undertakes work in respect of which Seeing Machines has directly or indirectly an obligation not to transfer Controlled Material to persons of certain nationalities or comply with Security Requirements.

(the exempt conduct)

The Tribunal hereby grants an exemption from the operation of sections 16, 18, 21, 105, 107 and 182 of the Act to enable the Applicant to engage in the exempt conduct, on the following conditions.

CONDITIONS

- This exemption only applies where the Applicant has taken all steps reasonably available (including steps that might be taken in negotiating or performing any contract) to avoid the necessity to engage in the exempt conduct.
- 2. This exemption only applies where the Applicant has taken all steps that are reasonably available to avoid engaging in exempt conduct, including:
 - (a) reliance on ITAR exemptions, exceptions or other provisions, including clause 126.18 of ITAR, where applicable; and
 - where an employment job candidate, employee or contractor is a national or dual national of a country not approved for access to Controlled Material, then the Applicant will either request the United States' Department of State, or request the relevant export license holder(s) to request the United States' Department of State to amend the relevant export licenses to enable the person to have access to Controlled Material, unless the Applicant, on reasonable grounds, determines that the job candidate, employee or contractor is not the best candidate for the position; or such an application does not have significant prospects of success; and

- (c) in the event that the United States' Department of State requires the Applicant to provide further information specific to the person, then with the consent of that person, the Applicant will work with the person to supply all relevant information to the United States' Department of State so that an application for approval may be made in relation to that person.
- 3. Where, pursuant to this exemption, the Applicant wishes to reserve the right to make a conditional offer of employment in relation to a position which will or may involve access to Controlled Material, any advertisement, invitation for expressions of interest, or other promotional information referring to the position must include the information that:
 - (a) the position will or is likely to require access to Controlled Material and that any person occupying the position must be able to satisfy ITAR-based requirements which may require specific authorisation for that person to access Controlled Material; and
 - (b) if a job candidate is concerned as to whether or not they will satisfy the requirement in condition 3(a), they should contact a nominated employee of the Applicant who is able to provide relevant information, including information set out in condition 4 below.
- 4. The Applicant must specifically communicate to job candidates for roles, and existing employees and contractors in roles, whether currently or in the future, requiring access to Controlled Material:
 - (a) notice that they may be adversely affected by the ITAR requirements if they are not an Australian national, if they hold dual nationality and/or citizenship from proscribed countries, or if they are not of Australian national origin;
 - (b) notice that the Applicant has an exemption under the Act to enable it to take steps to prevent access to Controlled Material;
 - (c) a reasonable explanation in plain English of the nature of any such adverse effects;

- (d) advice that any necessary application for specific authorisation for a person to access Controlled Material would be made by the Applicant, in appropriate cases;
- (e) information about how they can apply for Australian citizenship; and
- (f) information regarding their rights under Australian Federal, State and Territory discrimination laws.

The Applicant may comply with condition 4 through a range of alternatives, including individual written notices, published policy statements, web-based posting or other similar means.

- 5. Where, pursuant to this exemption, an employee or contractor who is not authorised pursuant to ITAR controls to have access to Controlled Material (including pursuant to any individual clearance), is moved from a job involving access to Controlled Material to any other work performed by the Applicant or any of its related entities, the Applicant must, through a duly authorised officer, explain to the person why he or she is being transferred and must otherwise take all reasonable steps to avoid or limit harm or loss to that person.
- 6. Where the Applicant uses a system of security passes to reflect the fact of access to Controlled Material or levels of access to material subject to Australian security requirements, the security passes may be coded but not in such a manner that the nationality can obviously be identified from the coding.
- 7. All information relating to security passes, security clearance levels and access to Controlled Material shall be restricted to the security officer, assistant security officer, export control managers, human resources managers, legal representatives and other senior managers and to their properly appointed nominees on a 'need to know' basis.
- 8. The Applicant's employment or other relevant policies shall be amended as soon as reasonably possible so as to refer to the terms of this exemption, including all conditions attaching to it, and to make clear that the purpose of the Applicant's request

for nationality information is made solely for the purposes of compliance with legal and regulatory obligations imposed pursuant to the defense export control laws of Australia and the United States.

Victoria Government Gazette

- 9. The Applicant is required to provide a written report to the Tribunal on 28 February and 31 July each year, from the date of this exemption, over the period of the exemption, detailing:
 - (a) the steps it has taken to comply with the above conditions;
 - (b) the number of persons affected by this exemption, the nature of the effects, and the steps taken to address any adverse effects;
 - (c) the anti-discrimination training of employees and contractors provided by the Applicant; and
 - (d) implementation and compliance generally with the terms of this exemption order.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 3 March 2027.

 - (iv) on any other method agreed by the *retailer* and the *small customer*, if the *retailer* has obtained the *explicit informed consent* of the *small customer*.
- (2) The *retailer* must use its best endeavours to ensure that actual readings of the *meter* are carried out as frequently as is required to prepare its bills consistently with the *metering rules* and in any event at least once every 12 months.
- (3) Despite subclauses (1) and (2), if there is no *meter* in respect of the *small customer's* premises, the *retailer* must base the *small customer*'s bill on *energy* data that is calculated in accordance with applicable *energy laws*.

- (4) Application of this clause to standard retail contracts

 - (d) the total amount of gas bulk hot water or electric bulk hot water in kilolitres or litres consumed in each period or class of period in respect of which the relevant gas bulk hot water rate or electricity tariffs apply to the small customer and, if the small customer's meter measures and records consumption data only on the accumulation basis, the dates and total amounts of the immediately previous and current meter readings or estimates;
 - (e) the deemed *energy* used for *electric bulk hot water* (in kWh); and
 - (f) separately identified charges for gas bulk hot water or electric bulk hot water on the small customer's bill.

59 Estimation as basis for bills (SRC, MRC and EPA)

- (1) A *retailer* must only base a *small customer*'s bill on an estimation of the *small customer*'s consumption of *energy* where:
 - (a) the *small customer* gives their *explicit informed consent* to the use of estimation by the *retailer*;

 - (b) historical *metering data* for the *small customer* reasonably available to the *retailer*; or
 - (c) the average usage of *energy* by a comparable *small customer* over the corresponding period, if there is no historical *metering data* for the *small customer*.

- (3) Despite clauses 57, 59(1), 59(2) and 63(1)(i), in the case of a *smart meter*, if a *retailer* is not able to reasonably or reliably base a bill on actual *metering data* collected from the *small customer*'s *smart meter* for each trading interval, the *retailer* may provide the *small customer* with a bill that is either:
 - (a) prepared using estimated and/or substituted *metering data* in accordance with applicable *energy laws*; or
 - (b) if estimated and/or substituted *metering data* is not available, prepared based on the *small customer*'s historical billing or *metering data* or, where the *retailer* does not have the *small customer*'s historical billing or *metering data*, the average usage of *energy* by a comparable *small customer* over the corresponding period covered by the estimated bill.
- (4) Subject to clause 63(1)(i), the *retailer* must inform the *small customer*, on the bill, that the bill is based on an estimation, and (if applicable) that the estimation is based on the *small customer's* reading of the relevant *meter* under subclause (2)(a).
- (5) If:
 - (a) a *small customer* receives a bill based on an estimate, other than a *small customer*'s reading of the relevant *meter*; and
 - (b) where the bill under subclause (5)(a) is for the supply of electricity, the consumption of electricity at the *small customer's* premises is not recorded by an interval *meter*, being a *meter* that records consumption derived from interval *metering data*,

the *small customer* may request an adjusted bill based on the *small customer*'s reading of the relevant *meter* (a *customer read estimate*) by providing the *retailer* with the *customer read estimate* before the *pay-by date* of the bill under subclause (5)(a).

- (6) On each occasion when the conditions in subclauses (5)(a) and, as applicable, (b) are met, the *retailer* must inform the *small customer* in writing:
 - (a) that the *small customer* may request an adjusted bill in accordance with subclause (5);

 - (b) the types of information the *small customer* is required to provide when lodging the *customer read estimate*; and
 - (c) instructions on the methods by which the *small customer* can lodge the *customer read estimate*.
- (8) Where:
 - (a) a *small customer* requests an adjustment to a bill based on an estimate in the circumstances set out in subclause (5) by providing the *retailer* with a *customer* read estimate;
 - (b) the *retailer* receives the *customer read estimate* before the *pay-by date* of the bill; and
 - (c) the *customer read estimate* is provided in accordance with the guidance and requirements provided by the *retailer* under subclause (7),

the *retailer* must, promptly and at no extra charge, provide the *small customer* with an adjusted bill based on the *customer read estimate*.

- (9) If:
 - (a) the *customer read estimate* was received on or after the *pay-by date* of the bill;
 - (b) the *customer read estimate* is not provided in accordance with the guidance and requirements provided by the *retailer* under subclause (7),

the *retailer* may reject the *customer read estimate* and, if it does so, must promptly notify the *small customer* in writing of the specific reasons for its decision.

Note: For example, specific reasons that a *retailer* might provide for rejecting a *customer read estimate* for the purposes of subclause (9)(b) include:

- the number value of the *customer read estimate* provided for cumulative *energy* consumed is smaller than a previous actual read of the *meter*; or
- where the *customer read estimate* is provided in the form of a photograph of the *meter*, that the *meter* display is not clearly visible or the photograph does not show the correct *meter* installed at the *small customer*'s premises.
- (10) The *retailer* must set out a process under its standard complaints and dispute resolution procedures for a *small customer* to attempt to rectify a *customer read estimate* that is not accepted under subclause (9)(b).

 - (a) lodge a dispute with the *energy ombudsman* where the *small customer* is not satisfied with the *retailer's* decision after the *small customer* has followed the process under subclause (10); and
 - (b) separately, request the *retailer* to review the bill under clause 69.

- (13) Without affecting subclause 57(2), if the *retailer* has issued the *small customer* with a bill based on an estimation and the *retailer* subsequently issues the *small customer* with a bill that is based on an actual *meter* reading or on *metering data*:
 - (a) the *retailer* must include an adjustment on the later bill to take account of any overcharging of the *small customer* that has occurred; and
 - (b) unless the actual *meter* reading or *metering data* could not be obtained as a result of an act or omission by the *small customer*, the *retailer* must, if requested to do so by the *small customer*, offer the *small customer* time to pay any undercharged amount by agreed instalments, over a period being no longer than:
 - (i) the period during which an actual *meter* reading or *metering data* was not obtained, where that period is less than 12 months; or
 - (ii) in any other case, 12 months.
- (14) Where an attempt to read the *small customer*'s *meter* is unsuccessful due to an act or omission of the *small customer*, and the *small customer* subsequently requests a *retailer* to replace an estimated bill with a bill based on an actual *meter* reading, the *retailer* must comply with that request but may pass through to that *small customer* any costs it incurs in doing so.
- (15) Application of this clause to standard retail contracts

 This clause applies in relation to *standard retail contracts*.

(16) Application of this clause to market retail contracts

This clause applies in relation to *market retail contracts*, but only to the extent (if any) a contract provides for estimation as the basis for the *small customer's* bill.

VD1, VD2, VD3, VD7, VR1, VR2, VR3 and VR4.

60 Proportionate billing (SRC, MRC and EPA)

- (1) If a *small customer*'s bill covers a period other than the *small customer*'s usual billing cycle or a period during which the *small customer*'s tariff changes, the *retailer* must charge in proportion to the relevant periods and clearly show relevant details on the bill.
- (2) Application of this clause to standard retail contracts

Part 9 Termination

175 Objective

(1) The objective of this Part is to regulate the rights and obligations of small customers, retailers and exempt persons regarding the termination of customer retail contract and exempt person arrangements.

176 Termination of standard retail contract (SRC)

- 2) A standard retail contract terminates:
 - (a) subject to subclause (3), in a case where the *small customer*:
 - (i) gives the *retailer* a notice (a *termination notice*) stating that the *small* customer wishes to terminate the contract (even if the *small customer* has vacated the premises earlier); or
 - (ii) is reclassified so that the *customer* is no longer a *small customer*, on a date advised by the *retailer* (which must be at least five but not more than 20 *business days* from the giving of a *termination notice* or a reclassification);
 - (b) on a date agreed between the *retailer* and the *small customer*;
 - (c) when the *small customer* starts receiving *customer retail services* for the premises under a different *customer retail contract* with the *retailer* or a different *retailer*:
 - (d) when a different *customer* starts receiving *customer retail services* for the premises under a *customer retail contract* with the *retailer* or a different *retailer*; or
 - (e) at the end of the period of 10 *business days* commencing on the day the *small customer*'s premises are *disconnected*, if there is no contractual right to *re-connection*,

whichever first occurs.

- (3) Where a *small customer* gives a *termination notice* and notifies the *retailer* of a date on which the *small customer* intends to vacate the premises, the *retailer* must:
 - (a) use its best endeavours to ensure that the relevant *meters* are read at, or the relevant *metering data* is obtained for, the premises on the date and at the time agreed with the *small customer* (or as soon as possible after that date if the *small customer* has not provided access to the relevant *meters* on that date or at that time); and
 - (b) prepare and send to the *small customer* at the forwarding address provided by the *small customer* a final bill based on the relevant *meter* reading or *metering data*.
- (4) If the *small customer* gives a *termination notice*, or is reclassified so that the *customer* is no longer a *small customer*, but does not give safe access to the premises to conduct a final *meter* reading (where relevant), the *standard retail contract* does not terminate under subclause (1)(a) until the date the *retailer* issues a final bill and the *customer* has paid any outstanding balance.
- (5) A *retailer* must not impose a termination charge (however described) under a *standard* retail contract in respect of the termination of the contract.
- (6) Termination of a *standard retail contract* does not affect any rights or obligations that have already accrued under the contract.
- (7) Where there is an existing *standard retail contract* between a *retailer* and a *small customer* who is reclassified under the code of practice so that the *customer* is no longer a *small customer*, the *retailer* is no longer obliged to make a *Victorian default offer* or *standing offer* to the *customer*.

Schedule 2 Model terms and conditions for standard retail contracts

(Clause 18)

PREAMBLE

This contract is about the sale of energy to you as a small customer at your premises. It is a standard retail contract that starts without you having to sign a document agreeing to these terms and conditions.

In addition to this contract, the energy laws and other consumer laws also contain rules about the sale of energy and we will comply with these rules in our dealings with you. For example, the National Energy Retail Law and the National Energy Retail Rules ('the Rules') set out specific rights and obligations about energy marketing, payment methods and arrangements for customers experiencing payment difficulties.

Notes for Victorian customers:

- 1) For Victorian customers, the energy laws applicable in Victoria are the **Electricity Industry Act 2000** 2000, the **Gas Industry Act 2001** and the *Energy Retail Code of Practice*. For customers in Victoria all references to the National Energy Retail Law and Rules in this contract should be read as references to the *Energy Retail Code of Practice* unless stated otherwise.
- 2) Standing offers for electricity in Victoria are required to comply with prices set by the Essential Services Commission and known as the Victorian Default Offer.

You also have a separate contract with your distributor, called a customer connection contract. The customer connection contract deals with the supply of energy to your premises and can be found on your distributor's website.

Note for Victorian customers:

There are no gas customer connection contracts in Victoria.

More information about this contract and other matters is on our website [permitted alteration: insert retailer's website address].

1. THE PARTIES

- (1) This contract is between:
- (2) [Permitted alteration: name of designated retailer] who sells energy to you at your premises (in this contract referred to as 'we', 'our' or 'us'); and
- (3) You, the customer to whom this contract applies (in this contract referred to as 'you' or 'your').

2. DEFINITIONS AND INTERPRETATION

- (a) Terms used in this contract have the same meanings as they have in the National Energy Retail Law and the Rules. However for ease of reference, a simplified explanation of some terms is given at the end of this contract.
- (b) Where the simplified explanations given at the end of this contract differ from the definitions in the National Energy Retail Law and the Rules, the definitions in the National Energy Retail Law and the Rules prevail.

3. DO THESE TERMS AND CONDITIONS APPLY TO YOU?

3.1 These are our terms and conditions

This contract sets out the terms and conditions for a standard retail contract for a small customer under the National Energy Retail Law and the Rules.

3.2 Application of these terms and conditions

These terms and conditions apply to you if:

(a) you are a residential customer; or

- (b) you are a business customer who is a small customer; and
- (c) you request us to sell energy to you at your premises; and
- (d) you are not being sold energy for the premises under a market retail contract.

3.3 Electricity or gas

Standard retail contracts apply to electricity and gas, but some terms may be expressed to apply only to one or the other. If we are your retailer for both electricity and gas, you have a separate contract with us for each of them.

4. WHAT IS THE TERM OF THIS CONTRACT?

4.1 When does this contract start?

This contract starts on the date you satisfy any pre-conditions set out in the National Energy Retail Law and the Rules, including giving us *acceptable identification* and your contact details for billing purposes.

4.2 When does this contract end?

- (a) This contract ends:
 - (i) if you give us a notice stating you wish to end the contract subject to paragraph (b), on a date advised by us of which we will give you at least five but no more than 20 *business days*' notice; or
 - (ii) if you are no longer a small customer:
 - (A) subject to paragraph (b), on a date specified by us, of which we will give you at least five but no more than 20 business days' notice; or
 - (B) if you have not told us of a change in the use of your energy from the time of the change in use; or
 - (iii) if we both agree to a date to end the contract on the date that is agreed; or
 - (iv) if you start to buy energy for the premises
 - (A) from us under a market retail contract on the date the market retail contract starts; or
 - (B) from a different retailer under a customer retail contract on the date the customer retail contract starts; or
 - (v) if a different customer starts to buy energy for the premises on the date that customer's contract starts; or
 - (vi) if the premises are disconnected and you have not met the requirements in the Rules for re-connection -10 business days from the date of disconnection.
- (b) If you do not give us safe and unhindered access to the premises to conduct a final meter reading (where relevant), this contract will not end under paragraph (a)(i) or (ii) until we have issued you a final bill and you have paid any outstanding amount for the sale of energy.
- (c) Rights and obligations accrued before the end of this contract continue despite the end of the contract, including any obligations to pay amounts to us.

4.3 Vacating your premises

- (a) If you are vacating your premises, you must provide your forwarding address to us for your final bill in addition to a notice under clause 4.2(a)(i) of this contract.
- (b) When we receive the notice, we must use our best endeavours to arrange for the reading of the *meter* on the date specified in your notice (or as soon as possible after that date if you do not provide access to your *meter* on that date) and send a final bill to you at the forwarding address stated in your notice.
- (c) You will continue to be responsible for charges for the premises until your contract ends in accordance with clause 4.2 of this contract.

5. SCOPE OF THIS CONTRACT

5.1 What is covered by this contract?

- (a) Under this contract we agree to sell you energy at your premises. We also agree to meet other obligations set out in this contract and to comply with the energy laws.
- (b) In return, you agree:
 - (i) to be responsible for charges for energy supplied to the premises until this contract ends under clause 4.2 even if you vacate the premises earlier; and
 - (ii) to pay the amounts billed by us under this contract; and
 - (iii) to meet your obligations under this contract and the energy laws.

5.2 What is not covered by this contract?

This contract does not cover the physical connection of your premises to the distribution system, including *metering* equipment and the maintenance of that connection and the supply of energy to your premises. This is the role of your distributor under a separate contract called a customer connection contract.

Note for Victorian customers:

There are no gas customer connection contracts in Victoria.

6. YOUR GENERAL OBLIGATIONS

6.1 Full information

You must give us any information we reasonably require for the purposes of this contract. The information must be correct, and you must not mislead or deceive us in relation to any information provided to us.

6.2 Updating information

You must tell us promptly if information you have provided to us changes, including if your billing address changes or if your use of energy changes (for example, if you start running a business at the premises).

6.3 Life support equipment

- (a) Before this contract starts, we were required to ask you whether a person residing or intending to reside at your premises requires *life support equipment*.
- (b) If a person living or intending to live at your premises requires *life support equipment*, you must:
 - (i) advise us that the person requires *life support equipment*;
 - (ii) register the premises with us or your distributor; and
 - (iii) upon receipt of a *medical confirmation form*, provide *medical confirmation* for the premises.
- (c) Subject to satisfying the requirements in this code of practice, the *Electricity Distribution Code* or the *Gas Distribution System Code*, your premises may cease to be registered as having *life support equipment* if *medical confirmation* is not provided to us or your distributor.
- (d) You must tell us or your distributor if the *life support equipment* is no longer required at the premises.
- (e) If you tell us that a person living or intending to live at your premises requires *life* support equipment, we must give you:
 - (i) at least 50 business days to provide medical confirmation for the premises;
 - (ii) general advice that there may be a *distributor planned interruption* or *unplanned interruption* to the supply of energy to the premises;

- (iii) information to assist you to prepare a plan of action in case of an *unplanned interruption*; and
- (iv) emergency telephone contact numbers.

6.4 Obligations if you are not an owner

If you cannot meet an obligation relating to your premises under this contract because you are not the owner you will not be in breach of the obligation if you take all reasonable steps to ensure that the owner or other person responsible for the premises fulfils the obligation.

7. OUR LIABILITY

- (a) The quality and reliability of your electricity supply and the quality, pressure and continuity of your gas supply is subject to a variety of factors that are beyond our control as your retailer, including accidents, emergencies, weather conditions, vandalism, system demand, the technical limitations of the distribution system and the acts of other persons (such as your distributor), including at the direction of a *relevant authority*.
- (b) To the extent permitted by law, we give no condition, warranty or undertaking, and we make no representation to you, about the condition or suitability of energy, its quality, fitness for purpose or safety, other than those set out in this contract.
- (c) Unless we have acted in bad faith or negligently, the National Energy Retail Law excludes our liability for any loss or damage you suffer as a result of the total or partial failure to supply energy to your premises, which includes any loss or damage you suffer as a result of the defective supply of energy.

Note for Victorian customers:

The reference to the NERL in clause 7(c) is a reference to, in the case of electricity, s.120 of the National Electricity Law as set out in the Schedule to the National Electricity (South Australia) Act 1996 or, in the case of gas, to section 232 of the Gas Industry Act 2001 or section 33 of the Gas Safety Act 1997.

8. PRICE FOR ENERGY AND OTHER SERVICES

8.1 What are our tariffs and charges?

- (a) Our tariffs and charges for the sale of energy to you under this contract are our standing offer prices. These are published on our website and include your distributor's charges.
- (b) Different tariffs and charges may apply to you depending on your circumstances. The conditions for each tariff and charge are set out in our standing offer prices.

Note: We do not impose any charges for the termination of this contract.

8.2 Changes to tariffs and charges

- (a) If we vary our standing offer prices, we will publish the variation in a newspaper and on our website at least 10 *business days* before it starts. We will also include details with your next bill if the variation affects you.
- (b) Our standing offer prices will not be varied more often than once every six months.

Note for Victorian customers:

The standing offer prices will be varied more often that once every six months if the variation is required by the energy laws.

8.3 Variation of tariff due to change of use

If a change in your use of energy means you are no longer eligible for the particular tariff you are on, we may transfer you to a new tariff under our standing offer prices:

- (a) if you notify us there has been a change of use from the date of notification; or
- (b) if you have not notified us of the change of use retrospectively from the date the change of use occurred.

8.4 Variation of tariff or type of tariff on request

- (a) If you think you satisfy the conditions applying to another tariff or type of tariff under our standing offer prices, you can ask us to review your current circumstances to see whether that tariff or type of tariff can apply to you.
- (b) If you meet the requirements for another tariff or type of tariff and request us to do so, we must:
 - (i) transfer you to that other tariff within 10 business days; or
 - (ii) transfer you to that other type of tariff from the date the *meter* is read or the type of *meter* is changed (if needed).

8.5 Changes to tariffs or type of tariff during a billing cycle

If a tariff applying to you changes during a billing cycle, we will calculate your next bill on a proportionate basis.

8.6 **GST**

Amounts specified in the standing offer prices from time to time and other amounts payable under this contract are inclusive of *GST*.

9. BILLING

9.1 General

We will send a bill to you as soon as possible after the end of each billing cycle. We will send the bill:

- (a) to you at the address nominated by you; or
- (b) to a person authorised in writing by you to act on your behalf at the address specified by you.

9.2 Calculating the bill

Bills we send to you ('your bills') will be calculated on:

- (a) the amount of energy consumed at your premises during the billing cycle (using information obtained from reading your meter or otherwise in accordance with the Rules); and
- (b) the amount of fees and charges for any other services provided under this contract during the billing cycle; and
- (c) the charges payable for services provided by your distributor, including connection charges if you have asked for a new connection or connection alteration and have not made alternative arrangements with your distributor.

9.3 Estimating the energy usage

(a) We may estimate the amount of energy consumed at your premises if your meter cannot be read, if your metering data is not obtained (for example, if access to the meter is not given or the meter breaks down or is faulty), or if you otherwise consent.

Note for Victorian customers:

In Victoria, a retailer must obtain a customer's 'explicit informed consent' to base the customer's bill on an estimation, unless the meter cannot be read or the metering data is not obtained.

- (b) If we estimate the amount of energy consumed at your premises to calculate a bill, we must:
 - (i) clearly state on the bill that it is based on an estimation; and
 - (ii) when your *meter* is later read, adjust your bill for the difference between the estimate and the energy actually used.
- (c) If the later *meter* read shows that you have been undercharged, we will allow you to pay the undercharged amount in instalments, over the same period of time during which the *meter* was not read (if less than 12 months), or otherwise over 12 months.

(d) If the *meter* has not been read due to your actions, and you request us to replace the estimated bill with a bill based on an actual reading of the *meter*, we will comply with your request but may charge you any cost we incur in doing so.

9.4 Your historical billing information

Upon request, we must give you information about your billing history for the previous two years free of charge. However, we may charge you if we have already given you this information in the previous 12 months, or if you require information going back more than two years.

9.5 Bill smoothing

We may, where you agree, arrange for you to pay your bills under a bill smoothing arrangement, which is based on a 12 monthly estimate of your energy consumption.

10. PAYING YOUR BILL

10.1 What you have to pay

You must pay to us the amount shown on each bill by the date for payment (the *pay-by date*) on the bill. The *pay-by date* will be no earlier than 13 *business day*s from the date on which we issue your bill.

10.2 Issue of reminder notices

If you have not paid your bill by the *pay-by date*, we will send you a *reminder notice* that payment is required. The *reminder notice* will give you a further due date for payment which will be not less than 6 *business days* after we issue the notice.

10.3 Difficulties in paying

If you have difficulties paying your bill, you should contact us as soon as possible. We will provide you with information about your entitlements as a Victorian energy customer.

Note for Victorian customers:

In Victoria, a retailer must comply with the payment difficulty framework, provided for in Part 6 of the Energy Retail Code of Practice which sets out minimum standards of assistance to which residential customers anticipating or facing payment difficulties are entitled, so that disconnection of a residential customer for not paying a bill is a measure of last resort.

10.4 Late payment fees

(a) If you have not paid a bill by the *pay-by date*, we may require you to pay a late payment fee, which is part of our standing offer prices published on our website.

[Required alteration: deletion of this clause is a required alteration where late payment fees for small customers under a standard retail contract are not permitted by a State or Territory law. If this contact is used for multiple jurisdictions including Victoria and another jurisdiction where late payment fees are permitted, the following text must be inserted 'This clause does not apply where your premises is located in Victoria'].

11. METERS

- (a) You must allow safe and unhindered access to your premises for the purposes of reading and maintaining the *meters* (where relevant).
- (b) We will use our best endeavours to ensure that a *meter* reading is carried out as frequently as is needed to prepare your bills, consistently with the *metering rules* and in any event at least once every 12 months.

12. UNDERCHARGING AND OVERCHARGING

12.1 Undercharging

(a) If we have undercharged you, we may recover the undercharged amount from you. If we recover an undercharged amount from you:

- (i) we will not charge interest on the undercharged amount; and
- (ii) we will offer you time to pay the undercharged amount in instalments over the same period of time during which you were undercharged (if less than 12 months), or otherwise over 12 months.
- (b) The maximum amount we can recover from you is limited to the amount that has been undercharged in the four months immediately before we notify you, unless the undercharge is your fault, or results from your unlawful act or omission.

12.2 Overcharging

- (a) Where you have been overcharged by less than [required alteration: insert current overcharge threshold], and you have already paid the overcharged amount, we must credit that amount to your next bill.
- (b) Where you have been overcharged by [required alteration: insert current overcharge threshold] or more, we must inform you within 10 *business days* of our becoming aware of the overcharge and, if you have already paid that amount, we must credit that amount to your next bill. However, if you request otherwise, we will comply with that request.
- (c) If you have stopped buying energy from us, we will use our best endeavours to pay the overcharged amount to you within 10 *business days*.
- (d) If you have been overcharged as a result of your own fault or unlawful act or omission, we may limit the amount we credit or pay you to the amount you were overcharged in the last 12 months.

12.3 Reviewing your bill

- (a) If you disagree with the amount you have been charged, you can ask us to review your bill in accordance with our standard complaints and dispute resolution procedures.
- (b) If you ask us to, we must arrange for a check of the meter reading or *metering data* or for a test of the *meter* in reviewing the bill. You will be liable for the cost of the check or test and we may request payment in advance. However, if the meter or metering data proves to be faulty or incorrect, we must reimburse you for the amount paid.

Note for Victorian customers:

Customers in Victoria are not required to pay for a meter check or test in advance.

- (c) If your bill is being reviewed, you are still required to pay any other bills from us that are due for payment and the lesser of:
 - (i) the portion of the bill that you do not dispute; or
 - (ii) an amount equal to the average of your bills in the last 12 months.

13. SECURITY DEPOSITS

13.1 Security deposit

We may require that you provide a *security deposit*. The circumstances in which we can require a *security deposit* and the maximum amount of the *security deposit* are governed by the Rules.

13.2 Interest on security deposits

Where you have paid a *security deposit*, we must pay you interest on the *security deposit* at a rate and on terms required by the Rules.

13.3 Use of a security deposit

(a) We may use your *security deposit*, and any interest earned on the *security deposit*, to offset any amount you owe under this contract:

- (i) if you fail to pay a bill and as a result we arrange for the *disconnection* of your premises; or
- (ii) in relation to a final bill (i.e. a bill we issue when you vacate the premises or when you stop purchasing energy from us at your premises or when you request that your premises be disconnected).
- (b) If we use your security deposit or any accrued interest to offset amounts owed to us, we will advise you within 10 *business days*.

13.4 Return of security deposit

- (a) We must return your *security deposit* and any accrued interest in the following circumstances:
 - (i) you complete 1 years' payment (in the case of residential customers) or 2 years' payment (in the case of business customers) by the *pay-by dates* on our initial bills; or
 - (ii) subject to clause 14.3 of this contract, you stop purchasing energy at the relevant premises under this contract.
- (b) If you do not give us any reasonable instructions, we will credit the amount of the *security deposit*, together with any accrued interest, to your next bill.

14. DISCONNECTION OF SUPPLY

14.1 When can we arrange for disconnection?

Subject to us satisfying the requirements in the Rules, we may arrange for the *disconnection* of your premises if:

- (a) you do not pay your bill by the *pay-by-date* or, if you are a *residential customer* receiving assistance under Part 6 of the Energy Retail Code of Practice, you fail to make a payment or otherwise do not adhere to the terms of that assistance; or
- (b) you do not provide a *security deposit* we are entitled to require from you; or
- (c) you do not give access to your premises to read a *meter* (where relevant) for 3 consecutive *meter* reads; or
- (d) there has been illegal or fraudulent use of energy at your premises in breach of clause 16 of this contract; or
- (e) we are otherwise entitled or required to do so under the Rules or by law.

14.2 Notice and warning of disconnection

Before disconnecting your premises, we must comply with relevant warning notice requirements and other provisions in the Rules. However, we are not required to provide a warning notice prior to *disconnection* in certain circumstances (for example, where there has been illegal or fraudulent use of energy at your premises or where there is an emergency or health and safety issue).

14.3 When we must not arrange disconnection

- (a) Subject to paragraph (b), your premises may not be disconnected during the following times ('the protected period'):
 - (i) on a business day before 8.00 am or after 3.00 pm; or

Note for Victorian customers:

The protected period for a residential customer in Victoria is before 8.00 am or after 2.00 pm. The protected period for a business customer in Victoria is before 8.00 am or after 3.00 pm

- (ii) on a Friday or the day before a public holiday; or
- (iii) on a weekend or a public holiday; or

- (iv) on the days between 20 December and 31 December (both inclusive) in any year; or
- (v) if you are being disconnected under clause 14.1, during an extreme weather event.

Note for Victorian customers:

Paragraph (v) does not apply in Victoria.

- (b) Your premises may be disconnected within the protected period:
 - (i) for reasons of health and safety; or
 - (ii) in an emergency; or
 - (iii) as directed by a relevant authority; or

Section 165AI

GUIDANCE FOR THE PANDEMIC (DETENTION) ORDER 2022 (No. 4)

This Order specifies circumstances and conditions in which a person is to be detained in Victoria to limit the transmission of COVID-19 and the period of, and requirements for, that detention.

To limit the risk of transmission of COVID-19, by requiring persons of risk to be detained for specified periods of time, this Order:

- (1) imposes obligations on specified classes of international arrivals; and
- (2) imposes an initial period of detention as set out in Schedule 2.

An authorised officer is required to review a person's detention regularly under section 165BG of the **Public Health and Wellbeing Act 2008** to determine if the person's continued detention is reasonably necessary to eliminate or reduce a serious risk to public health.

A detained person must not leave the person's place of detention unless:

- (1) the person has been granted permission by an authorised officer for the purpose of obtaining medical care, or getting a COVID-19 test, or to reduce a serious risk to the person's mental health, or to visit a patient in hospital if permitted to do so, or to leave Victoria; or
- (2) there is an emergency situation; or
- (3) the person is required to by law.

A person must not enter a place of detention of another person unless that person is lawfully authorised to enter that place for a specific reason (for example, providing food or medical care) or is detained in the same place of detention for the same, or substantially the same, period of time, or ordinarily resides with the detained person at the place of detention.

The Chief Health Officer, the Deputy Chief Health officer or an authorised officer may grant an exemption to a person of risk from the requirements of this Order, if satisfied that the exemption is appropriate by having regard to the need to protect the public and the principles of the Order. Failure to comply with this Order may result in penalties.

This guidance does not form part of the Pandemic (Detention) Order 2022 (No. 4) and is for explanatory purposes only.

 - if it is reasonably necessary to reduce a serious risk to the detained person's mental health; or
 - (b) there is an emergency situation; or
 - (c) the detained person is required to do so by law.

 - is under 18 years of age if the support person is the detained person's parent (a) or guardian; or
 - (b) has a disability or medical condition that requires support or treatment – if the support person is the detained person's parent, guardian or carer.

Note: if the support person agrees to submit to the same conditions of detention as a detained person, an authorised officer may serve a separate detention notice under section 165BA(1)(b) of the Public Health and Wellbeing Act 2008 on the other person that sets out the conditions and period of detention for that person.

I, Martin Foley, Minister for Health, make the following Order under the **Public Health and Wellbeing Act 2008** in the belief that this Order is reasonably necessary to protect public health throughout Victoria from the serious risk arising from the coronavirus (COVID-19) pandemic disease.

PART 1 - PRELIMINARY

1. Objective

The objective of this Order is to restrict access to hospitals and care facilities in order to limit the spread of COVID-19 within a particularly vulnerable population, balancing the need to limit the spread of COVID-19 against the broader responsibilities of operators to the physical, emotional and psychological wellbeing of their clients.

2. Citation

This Order may be referred to as the Pandemic (Visitors to Hospitals and Care Facilities) Order 2022 (No. 3).

3. Authorising provision

This Order is made under section 165AI of the Public Health and Wellbeing Act 2008.

4. Commencement and revocation

- (2) The Pandemic (Visitors to Hospitals and Care Facilities) Order 2021 (No. 2) is revoked at 6:00:00 pm on 18 February 2022.

5. Definitions

Terms used in this Order have the meanings set out in Schedule 1.

6. Application of this Order

This Order applies to the whole State of Victoria.

PART 2 – ENTRY REQUIREMENTS FOR HOSPITALS

7. Prohibition on entry

A person must not enter, or remain at, a hospital unless:

- (1) the person is a patient of the hospital; or
- (2) the person is a hospital worker, as defined in Schedule 1, and the entry is not otherwise prohibited under this Order; or
- (3) the person is a visitor of a patient of the hospital and the visit is not otherwise prohibited under this Order; or
- (4) the person is present in an area of the hospital in respect of which an exemption under clause 17 is in force.

Note: hospitals also set visiting rules separate to this Order that may include additional requirements, conditions or restrictions that apply to visitors.

8. Entry Requirements

An operator of a hospital must not permit a visitor of a patient to enter, or remain at, the hospital for the purpose of having in-person contact with any patient except if:

- (1) for visitors who are aged 18 years or over:
 - (a) they are fully vaccinated; or

- (b) they are not fully vaccinated and:
 - (i) present acceptable evidence of a negative result from a COVID-19 rapid antigen test undertaken on the same day that the visitor attends the hospital; and
 - (ii) wear an N95 face covering for the duration of their visit; or

Note: for visitors under subclause (a), face covering requirements contained within the **Movement and Gathering order** continue to apply.

- (2) for visitors who are aged under 18 years:
 - (a) they are fully vaccinated; or
 - (b) they are not fully vaccinated and present evidence of a negative result from a COVID-19 rapid antigen test undertaken on the same day that the visitor attends the hospital.

Note: for all visitors aged under 18 years, face covering requirements contained within the **Movement and Gathering Order** continue to apply.

9. Exceptions to Entry Requirements

- (1) The obligations in clause 8 do not apply to an operator of a hospital in relation to the following persons:
 - (a) a person who is visiting for the purpose of providing end-of-life support to a patient of the hospital; or
 - (b) a person who is an essential carer of a patient, where undertaking a COVID-19 rapid antigen test prior to entry is not practicable; or
 - (c) a person who has undertaken a COVID-19 PCR test within 24 hours prior to visiting the hospital and provided acceptable evidence of a negative result from that test to the operator of the hospital; or
 - (d) a person providing professional patient care, including but not limited to:
 - (i) emergency workers in the event of an emergency; and
 - (ii) ambulance workers; and
 - (iii) visiting healthcare professionals; or
 - (e) a person who has a physical or mental health illness or condition, or disability, which makes both vaccination and COVID-19 rapid antigen testing unsuitable;
 - (f) a person for whom both vaccination and COVID-19 rapid antigen testing are not safe in all the circumstances.
- (2) The obligation in clause 8(1)(b)(ii) does not apply to an operator of a hospital in relation to a person who is not required to wear a face covering under the **Movement and Gathering Order**.

10. Hospital excluded persons

Despite clauses 7, 8 and 9, a hospital worker or a visitor to a patient, or a person referred to in clause 7(4), as applicable, must not enter or remain at a hospital if the person is an excluded person.

Such authorisation has to be given by the hospital and the Chief Health Officer or the Deputy Chief Health Officer, and can be subject to conditions: see subclause (2).

- (2) A person permitted to enter or remain at a hospital under subclause (1) must comply with any directions or conditions imposed in relation to their visit by either or both of:

 - (iv) an immediate family member of a patient whose medical condition is life threatening; and
 - (b) the person is authorised to enter or remain at the hospital by an officer of the hospital with the position of Executive Director of Nursing and Midwifery or equivalent.

Note: a hospital may determine whether it will allow a person who has been in close contact with a person who has been diagnosed with COVID-19, who has recently arrived from overseas or who has been tested for COVID-19 and has not yet received the results of their test to visit the hospital in certain specified circumstances, and what conditions it will impose on such visits.

- (4) A person permitted to enter or remain at a hospital under subclause (3) must comply with any directions or conditions imposed in relation to their visit by the officer of the hospital who authorised their visit under subclause (3)(b).
- (5) An officer of the hospital referred to in subclause (1)(b)(i) or subclause (3)(b), as the case may be, must keep, in relation to each person to whom they give authorisation under that subclause, a record of:

13. Restrictions on visitors of patients (other)

- (1) A person may visit a patient in a hospital if:

 - (b) in the case of a patient of the hospital aged under 18 years the person is the parent, carer or guardian of the patient or has temporary care of the patient; or

14. Child or dependant visitors

- (1) If a person is visiting a hospital for the purposes of providing end of life support to a patient or for a purpose specified in clause 13(1) and they are a parent, carer or guardian of a child or dependant, the child or dependant may accompany that person when attending the hospital and they are not counted in a visitor limit under clause 12 or clause 13 if the visitor cannot be present at the hospital without the child or dependant because the visitor cannot
 - (a) access alternative care arrangements for the child or dependant (whether on a paid or voluntary basis); or
 - (b) leave the child or dependant unattended.
- (2) If a child or dependant is visiting a hospital and the patient they are visiting is their carer, parent or guardian, the child or dependant may be present at the hospital and they are not counted in a visitor limit under clause 12 or 13 if the patient cannot:

Subordinate Legislation Act 1994

NOTICE OF PREPARATION OF IMPACT ASSESSMENT

In accordance with section 11 of the **Subordinate Legislation Act 1994**, I, Lily D'Ambrosio, Minister for Energy, Environment and Climate Change, and Minister responsible for administering the **Environment Protection Act 2017** (EP Act), give notice of the preparation of an impact assessment in relation to the proposed Environment Protection Amendment Regulations 2022.

Notice is given in accordance with section 11 of the **Subordinate Legislation Act 1994** that a Regulatory Impact Statement (RIS) has been prepared in relation to the proposed Environment Protection Amendment Regulations 2022.

The reason for the proposed Environment Protection Amendment Regulations 2022 is to clarify obligations for wind farm operators under the new EP Act, including the General Environmental Duty and unreasonable noise provisions of the EP Act.

The proposed Environment Protection Amendment Regulations 2022 seek to achieve this by setting requirements for operators in relation to noise emissions from operational wind farm turbines, in order to demonstrate compliance with the EP Act.

The objective of the proposed Environment Protection Amendment Regulations 2022 is to amend the Environment Protection Regulations 2021 to specify matters in relation to wind turbine noise from wind energy facilities.

The RIS outlines three options for managing noise emissions from wind facilities. Direct regulation is the preferred approach over a permissions scheme or primary legislation (base case) as it will improve certainty by clearly outlining obligations for wind farm operators, as well as avoiding costs that could be incurred in managing complaints and compliance activities.

Copies of the RIS and proposed Environment Protection Amendment Regulations 2022 can be obtained at www.engage.vic.gov.au, or by calling DELWP's Customer Service Centre on 136 186.

Public comments and submissions are invited on the RIS and the proposed Environment Protection Amendment Regulations 2022.

Written comments and submissions must be received no later than 11.59 pm, 3 April 2022 and can be sent by email to: windfarmnoise@delwp.vic.gov.au; or via the Engage Victoria website at: https://engage.vic.gov.au/changes-regulation-wind-farm-noise; or by post to Environment Protection Branch, Department of Environment, Land, Water and Planning, PO Box 500, East Melbourne, Victoria 8002.

All comments and submissions will be treated as public documents and published on Engage Victoria's website: www.engage.vic.gov.au unless the comment or submission clearly indicates that the comment or submission is confidential.
