BERWICK PLANNING SCHEME

Notice of Amendment

Amendment L137

Casey City Council has prepared Amendment L137 to the Local Section of the Berwick Planning Scheme.

The amendment proposes to rezone land at 2 King Road, Harkaway. This property is located on the north-east corner of King Road and Robinsons Road and has an area of 28.5 hectares. The land is proposed to be rezoned from a Landscape Interest A Zone to a Berwick Rural Living Zone, having a minimum lot size of 2.3 hectares. The new zone allows smaller lots than specified provided the average lot size applies (i.e. lots smaller than 2.3 hectares can be permitted as long as the average lot size for the overall development is 2.3 hectares). The amendment also proposes to place a Berwick Significant Landscape Overlay on the land, requiring a planning permit for all building and works.

The amendment facilitates a development that would include:

- the subdivision of the land into 12 lots; the lots range in the size from 0.86 hectares to 3.7 hectares, with an average of 2.3 hectares;
- the nomination of building envelopes for dwellings;
- extensive landscaping/re-vegetation;
- a linear open space reserve across the land;
- a roundabout at the corner of King Road and Robinsons Road, giving access to both Kurll Park and some of the proposed lots; and
- 50 crushed rock car spaces for Kurll park.

It is proposed to complement the amendment with a legal agreement under Section 173 under the **Planning and Environment Act 1987** that provides for:

- the development of the land in accordance with a Concept Plan;
- the construction of the linear open space reserve, the roundabout and the car parks;
- the containment of buildings within designated envelopes; and
- landscaping/re-vegetation.

The amendment can be inspected free of charge during office hours at Casey City Council, Municipal Offices, Princes Highway, Narre Warren; Casey City Council, Customer Service Centre, Sladen Street, Cranbourne and Department of Infrastructure, Customer Service Centre, Nauru House, 80 Collins Street, Melbourne.

Submissions about the amendment should be sent to: Manager Planning, City of Casey, P.O. Box 1000, Narre Warren 3805 by 5 February 1999.

INDUSTRIAL WASTE MANAGEMENT POLICY
(WASTE ACID SULFATE SOILS)

Certificate under Section 18B

I, Marie Tehan, Minister for Conservation and Land Management, hereby certify that there are special reasons as a result of which the industrial waste management policy (waste acid sulfate soils) should be declared without delay, those reasons being:

1. waste acid sulfate soils may oxidise, if managed inappropriately, generating highly acidic discharges that pose a risk to human health and the environment;
2. in order to minimise such risks, specific management requirements are necessary which differ substantially from those generally applicable to other industrial wastes; and
3. the unprecedented level of construction activity near the confluence of the Yarra and Maribyrnong Rivers is resulting in the generation of large amounts of waste acid sulfate soils.
