 - (2) it obtains all necessary licences, approvals and registrations at its own cost to enable it to supply the Export Electricity in accordance with the terms and conditions of this Agreement;
 - (3) the Customer will allow Country Energy, the Responsible Person or the responsible person's representative; safe, convenient and unhindered access to the relevant address and to the meter that records the supply of electricity from the Customer to the distribution system, for the purpose of reading the meter and for connection, disconnection, reconnection, maintenance and repair. Country Energy, the responsible person, or Country Energy's or responsible person's representative will carry or wear official identification and, on request, will show that identification to the Customer;

- (4) the Customer will inform Country Energy of any proposed changes to the connection to the network and ensure all modifications are done in accordance with the relevant connection contract; and
- (5) the Customer will inform Country Energy as soon as possible of any relevant change to contact details.

10. Goods and Services Tax

- 10.1 In this clause:
 - (1) 'GST' means GST as defined in the **A New Tax System (Goods and Services Tax) Act 1999** as amended from time to time ('GST Act') or any replacement or other relevant legislation and regulations;
 - (2) an expression or word used in this clause which has a particular meaning in the 'GST law' (as defined in the GST Act), or in any applicable legislative determinations, has the same meaning, unless the context otherwise requires; and
 - (3) a reference to GST payable by a party includes any corresponding GST payable by the representative member of any GST group of which that party is a member, and a reference to an input tax credit entitlement of a party includes any corresponding input tax credit entitlement of the representative member of any GST group of which that party is a member.
- 10.2 Unless GST is expressly included, the consideration expressed to be payable or to be provided under any clause in this Agreement for any supply made under or in connection with this Agreement does not include GST.
- 10.3 To the extent that any supply made under or in connection with this Agreement is a taxable supply, the GST exclusive consideration otherwise payable or provided for that taxable supply is increased by an amount equal to that consideration multiplied by the rate at which GST is imposed in respect of the taxable supply, and subject to receipt of an effective tax invoice, is payable at the same time.
- 10.4 If for any reason (including, without limitation, the occurrence of an adjustment event) the amount of GST payable on a taxable supply (taking into account any decreasing or increasing adjustments in relation to the taxable supply) varies from the GST payable by the recipient under clause 10.4(3):
 - (1) the supplier must provide a refund or credit to the recipient, or the recipient must pay a further amount to the supplier, as appropriate;
 - (2) the refund, credit or further amount (as the case may be) will be calculated by the supplier in accordance with the GST law; and
 - (3) the supplier must notify the recipient of the refund, credit or further amount within 14 days after becoming aware of the variation to the amount of GST payable. If there is an adjustment event in relation to the supply, the requirement for the supplier to notify the recipient will be satisfied by the supplier issuing to the recipient an adjustment note within 14 days after becoming aware of the occurrence of the adjustment event.
- 10.5 Each party agrees to do all things, including providing tax invoices and other documentation, that may be necessary or desirable to enable or assist the other party to claim any input tax credit, adjustment or refund in relation to any amount of GST paid or payable in respect of any supply made under or in connection with this Agreement.

10.6 If a payment to a party under this Agreement is a payment by way of reimbursement or indemnity and is calculated by reference to the GST inclusive amount of a loss, cost or expense incurred by that party, then the payment is to be reduced by the amount of any input tax credit to which that party is entitled in respect of that loss, cost or expense before any adjustment is made for GST pursuant to clause 10.4(3).
